Dubai, United Arab Emirates

EXPERIENCE

Full Stack .NET Core Developer

Bitsoft Solutions Ltd

01/2022 - 07/2024 Multan, Pakistan

- Developed and maintained applications using C#, Asp.net MVC, Entity Framework
- Contributed to all phases of the development lifecycle

EDUCATION

Bachelor of Computer Science

Government College University

01/2021 - 01/2023 Faisalabad, Pakistan

- FYP: School Management System

PROJECTS

TIRNU

2022 - 2023 Bitsoft Solutions Ltd

TIRNU is a secure, user-friendly platform designed to facilitate and streamline financial transactions, enabling users to send, receive, and manage funds with efficiency and transparency.

- Collaborated on backend and frontend tasks to deliver a seamless user experience.
- Developed and integrated RESTful APIs to support key financial operations.
- Ensured the system's compliance with security standards through rigorous testing.

E-commerce Web Application Developer

2023 - 2024 Bitsoft Solutions Ltd

A complete e-commerce web application with a customer-facing storefront and an admin portal for managing products, orders, and users. The platform allows users to browse products, manage shopping carts, and make secure payments.

- Implemented a responsive front-end interface using HTML5, CSS3, and JavaScript.
- Developed the backend with ASP.NET Core and Entity Framework for seamless integration.
- Integrated Stripe payment gateway

SUMMARY

Full Stack .NET Core Developer with 3 years of experience in building and maintaining scalable web applications and APIs. Skilled in both front-end and back-end development, with expertise in ASP.NET Core, C#, Entity Framework, and RESTful API integration. Demonstrated success in delivering secure and user-friendly solutions, including an e-commerce platform with integrated payment processing and a financial transaction system with high compliance standards. Strong foundation in agile methodologies, test-driven development, and database management (SQL Server, MySQL). Proven ability to collaborate effectively in cross-functional teams and committed to continuous learning and delivering high-quality code. Seeking a Full Stack Developer role to leverage my expertise in developing innovative software solutions that enhance user experience and operational efficiency.
